Subject: Docket No. 00-0763

Attached please find Commissioner Squires' proposed revisions to the proposed Order in Docket No. 00-0763, the Utilities, Inc./Holiday Hills, Inc., purchase agreement case. The substantive revision to the PEPO begins on p.9, in Section V, Contested Issue. The gist of the revision is to disallow recovery of the acquisition/transaction costs, which total \$7,000. The revision is primarily drawn from Staff's Brief on Exceptions language to deny the recovery of these costs - based upon Commission "consistent policy". If you have any problems with the document or have any questions please contact Sherman Elliott @ 217.785.1146.
